AUTHOR INDEX TO VOLUME 3

This index lists, in alphabetic order, the names of authors of all articles, letters, and editorials. Full citation is provided under the first author only, with references made from joint authors. Letters and editorials are distinguished from articles by the following code: L = letter, E = editorial.

A

Aghamohamadi AM, see Griska LB
Alford BR, see Sessions RB
Argenta LC, McClatchey KD, Ferrell WJ, Newman MH: Benign symmetrical lipomatosis (Madelung's disease), 240–243
Ashcraft MW, Van Herle AJ: Management of thyroid nodules. I: History and physical examination, blood tests, x-ray tests, and ultrasonography, 216–230
Ashcraft MW, Van Herle AJ: Management of thyroid nodules. II: Scanning techniques, thyroid suppressive therapy, and fine needle aspiration, 297–322

B

Baker R: Nasopharyngeal carcinoma: clinical course and results of therapy, 8–14
Barnes L, see Kapadia SB
Batsakis JG: The pathology of head and neck tumors: the occult primary and metastases to the head and neck, part 10, 409–423
Batsakis JG, Regezi JA, Rice DH: The pathology of head and neck tumors: fibroadipose tissue and skeletal muscle, part 8, 145–168
Batsakis JG, Rice DH: The pathology of head and neck tumors: vasoformative tumors, part 9A, 231–239
Batsakis JG, Rice DH: The pathology of head and neck tumors: vasoformative tumors, part 9B, 326–339
Batsakis JG, Solomon AR, Rice DH: The pathology of head and neck tumors: carcinoma of the nasopharynx, part 11, 511–524
Batsakis JG, Solomon AR, Rice DH: The pathology of head and neck tumors: neoplasms of cartilage, bone, and the notochord, part 7, 43–57
Bennett JE, see Kinkead LR
Biller HF, see Krespi YP
Blaugrund SM, see Krespi YP
Bryan RN, see Sessions RB
Bush S, see Khan KM

C

Carl W: Dental management and prosthetic rehabilitation of patients with head and neck cancer, 27–39
Cassisi NJ, see Mendenhall WM
Conley J: Editorial comment, 489–E
Cotton RT, Richardson MA: Advances in head and neck surgery in children, 424–437
Crissman JD, Gluckman J, Whiteley J, Quenelle D: Squamous-cell carcinoma of the floor of the mouth, 2–7
Crissman JD, see Gluckman JL
Cummings BJ
  Juvenile nasopharyngeal angiofibroma: control rates and treatment costs, 169–170-L
  Relative risk factors in the treatment of juvenile nasopharyngeal angiofibroma, 21–26
Cutting C, see Panje W

D

Davis RK, see Sismanis A
Delaire J, Tessier P, Tulasne JF, Resche F: Clinical and radiologic aspects of maxillonasal dysostosis (Binder syndrome), 105–122
Delaire J
  see Resche F
  see Tessier P
Deutsch M, see Kapadia SB
Dolan KD: Guest editorial: The American Society of Head and Neck Radiology, 183–184-E
Donegan JO, see Gluckman JL

E

Eliachar I, Peleg H, Joachims HZ: Mediastinitis and bilateral pyopneumothorax complicating a parapharyngeal abscess, 438–442

F

Failat ASA, see Meyer R
Ferrell WJ, see Argenta LC
Feuerstein SS, Krespi YP, Sachdev RK: Transnasal correction of choanal atresia, 97–104
Frank DH, see Wachtel TL
Frank HA, see Wachtel TL

G

Gerold FP, see Spiro RH
Gluckman JL, Crissman JD, Donegan JO: Multicentric squamous-cell carcinoma of the upper aerodigestive tract, 90–96
Gluckman J, see Crissman JD
Gonzales CF, see Griska LB
Gorter H, see Tiwari RM
Gregor RT, Lloyd GAS, Michaels L: Computed tomography of the larynx: a clinical and pathologic study, 284–296
Griska LB, Aghamohamadi AM, Marlowe FI, Gonzales CF: Embolization of hemorrhage caused by carcinoma of the pharynx, 202–203

H

Handler SD, Raney RB Jr: Management of neoplasms of the head and neck in children. I. Benign tumors, 395–405
Handler SD, see Raney RB Jr
Healy GB, see Shugar MA
Herzon F, see Khan KM
Hodgson WJB, see Weitz J

J

Jafek BW: Editorial comment, 26–E
Joachims HZ, see Eliachar I
Johns ME: Parotid cancer: a rational basis for treatment, 132–141
Johnson DW: Pitfalls in posterior fossa myelography, 204–206

K

Kalnins I, see Sako K
Kapadia SB, Barnes L, Deutsch M: Non-Hodgkin's lymphoma of the nose and paranasal sinuses: a study of 17 cases, 490–499
Keller JD: Radiologic evaluation of the normal adult nasopharynx, 198–201
Kelly TP, see Meyer R
Khan KM, Bush S, Herzon F, Kligerman MM: Pi meson radiotherapy for advanced head and neck neoplasms: preliminary results, 384–388
Kinkead LR, Bennett JE, Tomich CE: A ganglion of the temporomandibular joint presenting as a parotid tumor, 443–445
Kligerman MM, see Khan KM
Kline TS, see Sismanis A
Krause CJ: The management of parotid neoplasms, 340–343
Krespi YP, Lawson W, Blaugrund SM, Biller HF: Massive necrotizing infections of the neck, 475–481
Krespi YP, see Feuerstein SS

L

Lawson W, see Krespi YP
Lee S, Wong L, Orloff MJ, Nahum AM: A review of vascular anastomosis with mechanical aids and nonsuture techniques, 58–65
Lloyd GAS, see Gregor RT
Loscalzo LJ, see Weitz J

M

Marlowe FI, see Griska LB
McClatchey KD, see Argenta LC
McElhinney AJ, see Weitz J
McNeill R
  Internal jugular vein thrombosis, 247–250
  Surgical management of carcinoma of the posterior pharyngeal wall, 389–394
Mendenhall WM, Million RR, Cassisi NJ: Elective neck irradiation in squamous-cell carcinoma of the head and neck, 15–20
Merriam JM, see Sismanis A
Meyer R, Failat ASA, Kelly TP: Bilateral Z-flap pharyngoplasty in the treatment of rhinolalia, 366–370
Michaels L, see Gregor RT
Million RR, see Mendenhall WM

N

Naclerio RM, see Sessions RB
Nahum AM
  Head and neck cancer: in pursuit of useful data, 89–E
  The irradiated thyroid: the great debate continues, 277–278
  Management of metastases to the head and neck, 365–E
  The needle biopsy comes of age, 457–E
  The role of dental evaluation in head and neck cancer management, 1–E
  see Lee S
Newman MH, see Argenta LC

O

O'Connor SM, Sackett JF: Radiologic evaluation of the cerebellopontine cistern and the internal auditory canal, 193–197
Orloff MJ, see Lee S

P

Panje W, Cutting C: Trapezius osteomyocutaneous island flap for reconstruction of the anterior floor of the mouth and the mandible, 66–71
Peleg H, see Eliachar I

Q

Quenelle D, see Crissman JD

R

Raney RB Jr, Handler SD: Management of neoplasms of the head and neck in children. II. Malignant tumors, 500–507
Raney RB Jr, see Handler SD
Razack MS, see Sako K
Regezi JA, see Batsakis JG
Resche F, Tessier P, Delaire J, Tulasne JF: Craniospinal and cervicospinal malformations associated with maxillonasal dysostosis (Binder syndrome), 123–131
Resche F
  see Delaire J
  see Tessier P
Rice DH, see Batsakis JG
Richardson MA, see Cotton RT

S

Sachdev RK, see Feuerstein SS
Sackett JF, see O'Connor SM
Sako K, Razack MS, Kalnins I: Reconstruction of massive orbitomaxillary-cheek defects, 251–254
Sessions RB, Bryan RN, Naclerio RM, Alford BR: Radiographic staging of juvenile angiofibroma, 279–283
Shaffer KA, see Unger JM
Shapshay SM, see Sismanis A
Shugar MA, Healy GB: The fourth branchial cleft anomaly, 72–75
Sismanis A, Merriam JM, Kline TS, Davis RK, Shapshay SM, Strong MS: Diagnosis of salivary gland tumors by fine needle aspiration biopsy, 482–489
Snow GB, see Tiwari RM
Solomon AR, see Batsakis JG
Spiro RH, Gerold FP, Strong EW: Mandibular "swing" approach for oral and oropharyngeal tumors, 371–378
Strong EW, see Spiro RH
Strong MS, see Sismanis A

T

Tessier P, Tulasne JF, Delaire J, Resche F: Therapeutic aspects of maxillonasal dysostosis (Binder syndrome), 207–215
Tessier P
  see Delaire J
  see Resche F
Tiwari RM, Gorter H, Snow GB: Experiences with the deltopectoral flap in reconstructive surgery of the head and neck, 379–383
Tomich CE, see Kinkead LR
Tulasne JF
  see Delaire J
  see Resche F
  see Tessier P

U

Unger JM, Shaffer KA: The abnormal temporal bone in the "normal" deaf, 185–192

V

Van Herle AJ, see Ashcraft MW

W

Wachtel TL, Frank DH, Frank HA: Management of burns of the head and neck, 458–474
Weitz J, Hodgson WJB, Loscalzo LJ, McElhinney AJ: A bloodless technique for tongue surgery, 244–246
Whiteley J, see Crissman JD
Wong L, see Lee S
Woods JE: Y versus MacFee incision in radical neck dissections, 533–L

SUBJECT INDEX TO VOLUME 3

This index gives the first author (in parentheses) and first page of the article, letter, or editorial in which the indexed subject occurs. The reader is referred to the author index for the full title and coauthors, where appropriate, of the piece. Letters and editorials are distinguished from articles by the following code: L = letter, E = editorial.

A

Aarskog syndrome
  differentiation from maxillonasal dysostosis (Delaire) 105
Abscess, parapharyngeal
  etiology, surgical treatment, and related anatomy (Eliachar) 438
Aerodigestive tract, upper (*see also* larynx, oral cavity, pharynx)
  frequency of multicentric primary squamous-cell carcinoma (Gluckman) 90
  pathology of lipomas (Batsakis) 145
Alveolar rhabdomyosarcoma
  pathology (Batsakis) 145
Alveolar soft-part sarcoma
  pathology (Batsakis) 145
American Society of Head and Neck Radiology (Dolan) 183–E
Americium fluorescence scanning
  in management of thyroidal disease (Ashcraft) 297
Anaplastic small-cell carcinoma
  differentiation from non-Hodgkin's lymphoma (Kapadia) 490
Anastomosis, vascular
  devices and techniques (Lee) 58
Anatomy
  of craniospinal and cervicospinal malformations associated with maxillonasal dysostosis (Resche) 123
  of larynx, evaluation using CT (Gregor) 284
  of maxilla and nose in maxillonasal dysostosis (Delaire) 105
  of nasopharynx (Batsakis) 511
  of retropharyngeal space (Eliachar) 438
Anesthesia
  risks in JNA patients (Cummings) 21
Angiofibroma, juvenile nasopharyngeal (*see* juvenile nasopharyngeal angiofibroma)
Angiography
  in identification of thyroid nodules (Ashcraft) 216
Angiolipoma
  pathology (Batsakis) 145
Angiosarcoma
  pathology (Batsakis) 326
Anomalies
  choanal atresia, transnasal correction (Feuerstein) 97
  cleft palate, management in children (Cotton) 424
  fourth branchial cleft fistula (Shugar) 72
  maxillonasal dysostosis
    clinical and radiologic aspects (Delaire) 105
    craniospinal and cervicospinal malformations (Resche) 123
    therapeutic aspects (Tessier) 207
  rhinolalia, treatment with bilateral Z-flap pharyngoplasty (Meyer) 366
  temporal bone, in the "normal" deaf (Unger) 185
Antibiotics
  in management of severe necrotizing infections of the neck (Krespi) 475
Arterial catheterization
  risks in JNA patients (Cummings) 21
Arteriography
  in diagnosis of masses in children (Cotton) 424
  risks in JNA patients (Cummings) 21
Arteriovenous fistula
  pathology (Batsakis) 326
Artery
  coronary, devices and techniques for anastomosis (Lee) 58
  transverse cervical, in trapezius osteomyocutaneous island flap (Panje) 66
Aspiration (*see* fine needle aspiration, Cavitron Ultrasonic Surgical Aspirator)
Atresia, choanal
  correction by transnasal approach (Feuerstein) 97
Atypical lipoma
  pathology (Batsakis) 145

B

Bacterial infections, necrotizing
  of neck (Krespi) 475
Barium swallow
  in identification of thyroid nodules (Ashcraft) 216
Benign neoplasms (*see* neoplasms, benign)
Benign symmetrical lipomatosis (Madelung's disease) (Argenta) 240
Binder syndrome (*see* maxillonasal dysostosis)
Biopsy
  core needle, large needle, and fine needle aspiration, in management of thyroidal disease (Ashcraft) 297
  fine needle aspiration (*see* fine needle aspiration)
  frozen section, versus fine needle aspiration (Conley) 489–E
  in management of metastases from occult primaries (Batsakis) 409
Blood loss
  caused by carcinoma of the pharynx, treatment with transcatheter emboliza[illegible] (Griska) 202
  control i[illegible]rgery of JNA (Sessions) 279
  in tongue surgery, reduction with Cavitron Ultrasonic Surgical Aspirator (Weitz) 244
Blood tests
  in identification of thyroid nodules (Ashcraft) 216
Blood transfusion
  devices and techniques for vascular anastomosis (Lee) 58
  risks in JNA patients (Cummings) 21
Blood vessels
  devices and techniques for anastomosis (Lee) 58
  pathology of tumors (Batsakis) 326

Bone
pathology of neoplasms (Batsakis) 43
scapular spine, in trapezius osteomyocutaneous island flap (Panje) 66
Bone flaps, pedicled
physiologic classes and blood supplies (Panje) 66
Bone growths
management in children (Handler) 395
Bone sarcomas
risk of induction by radiotherapy of JNA (Cummings) 21
Book reviews
Atlas of the Histopathology of Ear Tumours (Gerlings) 76
Cleft Palate and Cleft Lip: A Team Approach to Clinical Management and Rehabilitation of the Patient (Cooper, Harding, Krogman, et al, ed) 179
Clinical Cancer Medicine: Treatment Tactics (Lokich, ed) 454
Clinical Management of Head, Neck, and TMJ Pain and Dysfunction: A Multi-Disciplinary Approach to Diagnosis and Treatment (Gelb, ed) 362
Clinical Voice Disorders: An Interdisciplinary Approach (Aronson) 273
Complications of Head and Neck Surgery (Conley, ed) 76
Diseases of the Oral Mucosa, 2nd Edition (McCarthy and Shklar) 180
The Facial Nerve (Diamond and Frew) 180
Head and Neck Surgery, 2nd Edition (Stell and Maran) 273
Headache and Head Pain (Ryan and Ryan, ed) 274
Long-Term Results in Plastic and Reconstructive Surgery, Volumes 1 and 2 (Goldwyn, ed) 453
Oculoplastic Surgery (Iliff, Iliff, and Iliff) 76
Operative Surgery: Nose and Throat, 3rd Edition (Rob, Smith, and Ballantyne, ed) 77
Otolaryngology, Volumes I, II, and III, 2nd Edition (Paparella and Shumrick) 363
Plastic Surgery in Infancy and Childhood, 2nd Edition (Mustarde, ed) 179
Reconstruction and Rehabilitation of the Burned Patient (Feller and Grabb, ed) 274
Scott-Brown's Diseases of the Ear, Nose, and Throat, 4th edition, 4 volumes (Ballantyne and Groves, ed) 362
Textbook of Dermatology, Volumes I and II, 3rd Edition (Rook, Wilkinson, and Ebling, ed) 180
Tumours of the Head and Neck: Clinical and Pathological Considerations, 2nd Edition (Batsakis) 77
The Voice and Its Disorders, 4th Edition (Greene) 453
Branchial cleft, fourth
fistula (Shugar) 72
Branchiogenic carcinoma
consideration in diagnosis of metastases from occult primaries (Batsakis) 409
Bronchogenic cysts
differentiation from branchogenic anomalies (Shugar) 72
Burkitt's lymphoma
management in children (Raney) 500
Burns
management (Wachtel) 458

C

Cancer, head and neck (*see also* carcinoma, metastases, neoplasms, tumors)
improving data base (Nahum) 89–E
role of dentistry in management (Carl) 27, (Nahum) 1–E
Cannulation, percutaneous venous
internal jugular vein thrombosis as complication (McNeill) 247
Carbon dioxide laser
in treatment of tracheal and laryngeal disease in children (Cotton) 424
Carcinogenesis
of childhood head and neck neoplasms (Handler) 395
of squamous-cell neoplasms of the upper aerodigestive tract (Gluckman) 90
Carcinoma, anaplastic small-cell
differentiation from non-Hodgkin's lymphoma (Kapadia) 490
Carcinoma, branchiogenic
in diagnosis of metastases from occult primaries (Batsakis) 409
Carcinoma, nasopharyngeal (*see* nasopharyngeal carcinoma)
Carcinoma, pharyngeal
transcatheter embolization of hemorrhage (Griska) 202
Carcinoma, posterior pharyngeal wall
surgical management (McNeill) 389
Carcinoma, salivary gland
in children, management (Raney) 500
Carcinoma, squamous-cell (*see* squamous-cell carcinoma)
Carcinoma, thyroid
management in children (Raney) 500
Cartilage
pathology of neoplasms (Batsakis) 43
Catheterization, percutaneous
internal jugular vein thrombosis as complication (McNeill) 247
Cavitron Ultrasonic Surgical Aspirator
for reducing blood loss in tongue surgery (Weitz) 244
Cell differentiation
and histogenesis of nasopharyngeal carcinoma (Batsakis) 511
Cellulitis, synergistic necrotizing
of neck (Krespi) 475
Cerebellopontine cistern
radiologic evaluation in patients with sensorineural hearing loss (O'Connor) 193
Cervicospinal anomalies
associated with maxillonasal dysostosis (Delaire) 105, (Resche) 123
Cesium chloride scanning
in management of thyroidal disease (Ashcraft) 297
Cheek-maxillary-orbital defects
reconstruction using deltopectoral flap in multistaged procedure (Sako) 251
Chemotherapy
for head and neck cancer, effects on oral cavity and management of complications by dentistry (Carl) 27
for head and neck disease in children (Cotton) 424
for malignant tumors in children (Raney) 500
Cherubism
management in children (Handler) 395
Children (*see* pediatrics)
Chloroma
differentiation from non-Hodgkin's lymphoma (Kapadia) 490
Choanal atresia
transnasal correction (Feuerstein) 97
Chondrodysplasia
differentiation from maxillonasal dysostosis (Delaire) 105
Chondroma
pathology (Batsakis) 43
Chondromatosis, synovial
pathology (Batsakis) 43
Chondrosarcoma
pathology (Batsakis) 43
Chordoma
pathology (Batsakis) 43
Cleft palate
advances in management in children (Cotton) 424
Complications (*see also* surgical complications)
of radiotherapy and chemotherapy, dental management (Carl) 27
of radiotherapy and surgery, relative risks in JNA (Cummings) 21, (Jafek) 26–E
Computed tomography (CT)
air versus metrizamide in evaluation of cerebellopontine cistern and internal auditory canal in patients with sensorineural hearing loss (O'Connor) 193
in diagnosis of masses in children (Cotton) 424
in diagnosis of sarcomas of head and neck in children (Raney) 500
in evaluation of anatomy and tumor involvement of larynx (Gregor) 284
in identification of thyroid nodules (Ashcraft) 216
in staging of JNA (Sessions) 279
Coronary artery
devices and techniques for vascular anastomosis (Lee) 58
Corticosteroids
in treatment of head and neck neoplasms in children (Handler) 395
Costs
of treatments for JNA (Cummings) 169–L
Craniofacial stenosis

differentiation from maxillonasal dysostosis (Delaire) 105
Craniospinal anomalies
associated with maxillonasal dysostosis (Resche) 123
Cricoid split
in treatment of laryngotracheal stenosis in children (Cotton) 424
Cystic hygroma
management in children (Handler) 395
Cysts
presenting as parotid neoplasms (Kinkead) 443
Cytology (*see* biopsy, histology)

D

Deafness (*see* hearing loss)
Debridement
in management of massive necrotizing infections of neck (Krespi) 475
Deltopectoral flap
in reconstructive surgery (Tiwari) 379
in reconstruction of massive orbitomaxillary-cheek defects (Sako) 251
Dentistry
role in management of head and neck cancer (Carl) 27, (Nahum) 1–E
Diagnostic techniques (*see* angiography, arteriography, barium swallow, biopsy, blood tests, computed tomography, endoscopy, fine needle aspiration, histology, hypocycloidal polytomography, lymphography, positive-contrast myelography, radiology, scanning techniques, sleep evaluation techniques, staging, thermography, ultrasonography)
Dysplasia, fibrous
management in children (Handler) 395

E

Ear
positive-contrast myelography of the posterior fossa (Johnson) 204
radiologic evaluation of the cerebellopontine cistern and internal auditory canal in patients with sensorineural hearing loss (O'Connor) 193
roentgenographically detectable anomalies of the temporal bone in the "normal" deaf (Unger) 185
Ear, middle
pathology of rhabdomyosarcomas (Batsakis) 145
Elective neck irradiation
in management of squamous-cell carcinoma (Mendenhall) 15
Embolization
in control of blood loss during surgery of JNA (Cotton) 424, (Sessions) 279
of hemorrhage caused by carcinoma of the pharynx (Griska) 202
risks in JNA patients (Cummings) 21
Embryology
of cervico-occipital spine in maxillonasal dysostosis (Resche) 123
of choanal atresia (Feuerstein) 97
of fibroadipose and skeletal muscle tumors (Batsakis) 145
Embryonal rhabdomyosarcoma
differentiation from non-Hodgkin's lymphoma (Kapadia) 490
pathology (Batsakis) 145
Emery Nilson syndrome
differentiation from maxillonasal dysostosis (Delaire) 105
Endoscopy
in treatment of subglottic stenosis in children (Cotton) 424
use of fiberoptic light sources in diagnosis of lesions in children (Cotton) 424
Environmental factors
in histogenesis of nasopharyngeal carcinoma (Batsakis) 511
Epstein-Barr virus
role in histogenesis of nasopharyngeal carcinoma (Batsakis) 511
Ewing's sarcoma
differentiation from non-Hodgkin's lymphoma (Kapadia) 490
Eyes
as site of extranodal metastases from occult primaries (Batsakis) 409

F

Fasciitis, necrotizing
of neck (Krespi) 475
Fetal Warfarin syndrome
differentiation from maxillonasal dysostosis (Delaire) 105
Fiberoptic endoscopy
in diagnosis of lesions in children (Cotton) 424
Fibroadipose tissue
pathology of tumors (Batsakis) 145
Fibro-osseous lesions
management in children (Handler) 395
Fibrous dysplasia
management in children (Handler) 395
Field cancerization
and multicentric squamous-cell carcinomas of the upper aerodigestive tract (Gluckman) 90
Fine needle aspiration
in diagnosis of head and neck masses (Nahum) 457–E
in diagnosis of salivary gland tumors (Sismanis) 482
in management of metastases from occult primaries (Batsakis) 409
in management of thyroidal disease (Ashcraft) 297
versus frozen-section biopsy (Conley) 489–E
Fistula
fourth branchial cleft (Shugar) 72
Flaps
deltopectoral
for reconstruction of massive orbitomaxillary-cheek defects (Sako) 251
for reconstructive surgery (Tiwari) 379
pedicled bone, physiologic classes and blood supplies (Panje) 66
tongue, for reconstruction of palatal defects in children (Cotton) 424
trapezius osteomyocutaneous island, for reconstruction of anterior floor of mouth and mandible (Panje) 66
Z-, in bilateral pharyngoplasty for treatment of rhinolalia (Meyer) 366
Floor of mouth
squamous-cell carcinoma (Crissman) 2
Floor of mouth, anterior
reconstruction with trapezius osteomyocutaneous island flap (Panje) 66
Fourth branchial cleft
fistula (Shugar) 72
Frozen-section biopsy
versus fine needle aspiration (Conley) 489–E

G

Gallium citrate scanning
in management of thyroidal disease (Ashcraft) 297
Ganglion
of temporomandibular joint, presenting as parotid tumor (Kinkead) 443
Genetic factors
in histogenesis of nasopharyngeal carcinoma (Batsakis) 511
Glomus tumor
pathology (Batsakis) 326
Granular-cell tumor
pathology (Batsakis) 145
Granulocytic sarcoma
differentiation from non-Hodgkin's lymphoma (Kapadia) 490
Granuloma, pyogenic
pathology (Batsakis) 326
Granulomatosis, lymphatoid
differentiation from non-Hodgkin's lymphoma (Kapadia) 490
Granulomatosis, Wegener's
differentiation from non-Hodgkin's lymphoma (Kapadia) 490

H

Hearing loss
roentgenographically detectable anomalies of the temporal bone (Unger) 185
Hearing loss, sensorineural
radiologic evaluation of cerebellopontine cistern and internal auditory canal (O'Connor) 193
Hemangioma
management in children (Handler) 395
pathology (Batsakis) 231
Hemangioma of pregnancy
pathology (Batsakis) 326
Hemangioma, subglottic
advances in management in children (Cotton) 424
Hemangiopericytoma
pathology (Batsakis) 326
Hemorrhage (*see* blood loss)
Hibernoma
pathology (Batsakis) 145
Histiocytic lymphoma

differentiation from non-Hodgkin's lymphoma (Kapadia) 490
Histiocytosis X
management in children (Raney) 500
Histocompatibility antigens (HLA)
role in histogenesis of nasopharyngeal carcinoma (Batsakis) 511
Histogenesis
of nasopharyngeal carcinoma (Batsakis) 511
Histology
of bronchogenic cysts and branchogenic anomalies (Shugar) 72
of fibroadipose tissue and skeletal muscle tumors (Batsakis) 145
of nasopharyngeal carcinoma (Baker) 8, (Batsakis) 511
of neoplasms of cartilage, bone, and notochord (Batsakis) 43
of non-Hodgkin's lymphoma of nose and paranasal sinuses (Kapadia) 490
of parotid gland cancers (Johns) 132, (Sismanis) 482
of squamous-cell carcinoma of floor of mouth (Crissman) 2
of vasoformative tumors (Batsakis) 231, 326
Hodgkin's disease
management in children (Raney) 500
Hormone administration
for reducing vascularity of JNA, risks (Cummings) 21
Hormone suppression
in management of thyroidal disease (Ashcraft) 297
Hygroma, cystic
pathology (Batsakis) 231
Hyperbaric oxygenation
in management of severe necrotizing infections of the neck (Krespi) 475
Hypocycloidal polytomography
in diagnosis of masses in children (Cotton) 424

I

Incisions
Y versus MacFee in radical neck dissection (Woods) 533–L
Infections, neck
mediastinitis and pyopneumothorax (Eliachar) 438
necrotizing fasciitis (Krespi) 475
Internal auditory canal
evaluation using positive-contrast myelography (Johnson) 204
radiologic evaluation in patients with sensorineural hearing loss (O'Connor) 193
Internal jugular vein
thrombosis secondary to percutaneous deep venous cannulation (McNeill) 247
International Head and Neck Oncology Conference (Abstracts) 255, 344
Irradiation (*see also* radiology, radiotherapy)
association with thyroid carcinoma (Nahum) 277–E
Irradiation, elective neck
in management of squamous-cell carcinoma (Mendenhall) 15
Irradiation, pi meson
in treatment of advanced head and neck neoplasms (Khan) 384

J

Jugular vein, internal
thrombosis as complication of percutaneous deep venous cannulation (McNeill) 247
Juvenile nasopharyngeal angiofibroma (JNA)
complications associated with surgery and radiotherapy (Cummings) 21, (Jafek) 26–E
control rates and treatment costs (Cummings) 169–L
management (Cotton) 424, (Handler) 395
staging using CT (Sessions) 279

K

Kaposi's sarcoma
pathology (Batsakis) 326

L

Laryngeal papilloma
advances in management in children (Cotton) 424
Laryngeal rhabdomyosarcoma
pathology (Batsakis) 145
Laryngotracheal stenosis
advances in management in children (Cotton) 424
Larynx
evaluation of anatomy and tumor involvement using CT (Gregor) 284
preservation in combined suprahyoid and lateral pharyngotomy for carcinoma of posterior pharyngeal wall (McNeill) 389
Laser, carbon dioxide
in treatment of laryngeal and tracheal disease in children (Cotton) 424
Laser, carbon dioxide and argon
in treatment of hemangiomas in children (Handler) 395
Lip
anomalies associated with maxillonasal dysostosis (Delaire) 105
Lipoblastic tissue
pathology of tumors (Batsakis) 145
Lipoblastoma
pathology (Batsakis) 145
Lipoma
pathology (Batsakis) 145
Lipomatosis
benign symmetrical (Argenta) 240
pathology (Batsakis) 145
Liposarcoma
pathology (Batsakis) 145
Lymphangioma
management in children (Handler) 395
pathology (Batsakis) 231
Lymphatic system
pathology of tumors (Batsakis) 326
Lymph node metastases
and occult primaries, pathology (Batsakis) 409
Lymphography
in identification of thyroid nodules (Ashcraft) 216
Lymphoma
management in children (Raney) 500
Lymphoma, histiocytic
differentiation from non-Hodgkin's lymphoma (Kapadia) 490
Lymphoma, non-Hodgkin's
management in children (Raney) 500
of nose and paranasal sinuses, clinical, radiologic, and pathologic features (Kapadia) 490
Lymphomatoid granulomatosis
differentiation from non-Hodgkin's lymphoma (Kapadia) 490

M

MacFee incision
versus Y incision, in radical neck dissection (Woods) 533–L
Madelung's disease (Argenta) 240
Malformations (*see* anomalies)
Malignancies (*see* neoplasms, malignant)
Mandible
reconstruction with trapezius osteomyocutaneous island flap (Panje) 66
temporomandibular joint ganglion presenting as parotid tumor (Kinkead) 443
Mandibular resections
for head and neck cancer, dental and prosthetic considerations (Carl) 27
Mandibular "swing"
in treatment of oral and oropharyngeal tumors (Spiro) 371
Mandibulotomy, median
with paralingual extension (mandibular "swing"), in treatment of oral and oropharyngeal tumors (Spiro) 371
Marshall syndrome
differentiation from maxillonasal dysostosis (Delaire) 105
Mastoid rhabdomyosarcoma
pathology (Batsakis) 145
Maxillary-orbito-cheek defects
reconstruction using deltopectoral flap in multistaged procedure (Sako) 251
Maxillary prostheses
in head and neck cancer patients (Carl) 27
Maxillonasal dysostosis (Binder syndrome)
clinical and radiologic aspects (Delaire) 105
craniospinal and cervicospinal malformations (Resche) 123
therapeutic aspects (Tessier) 207
Mediastinitis
and bilateral pyopneumothorax, as complications of parapharyngeal abscess (Eliachar) 438

Melanoma, malignant
differentiation from non-Hodgkin's lymphoma (Kapadia) 490
Mercury scanning
in management of thyroidal disease (Ashcraft) 297
Metastases
management (Nahum) 365–E
and occult primaries, pathology (Batsakis) 409
Metastases, cervical
from parotid gland cancer (Johns) 132
in patients with squamous-cell carcinoma with and without elective neck irradiation (Mendenhall) 13
Microscope
in treatment of laryngeal disease in children (Cotton) 424
Microsurgery
devices and techniques for vascular anastomosis (Lee) 58
Middle ear rhabdomyosarcoma
pathology (Batsakis) 145
Mouth (*see* oral cavity, oropharyngeal, floor of mouth, tongue)
Multicentricity
of primary squamous-cell carcinoma of the upper aerodigestive tract (Gluckman) 90
Muscle, skeletal
pathology of tumors (Batsakis) 145
Muscle, trapezius
in osteomyocutaneous island flap for reconstruction of anterior floor of mouth and mandible (Panje) 66
Myelography, positive-contrast
of structures of posterior fossa (Johnson) 204
Myogenic tumors
pathology (Batsakis) 145
Myxomas
management in children (Handler) 395

N

Nasopharyngeal angiofibroma, juvenile (*see* juvenile nasopharyngeal angiofibroma)
Nasopharyngeal carcinoma
clinical course and therapy results (Baker) 8
differentiation from non-Hodgkin's lymphoma (Kapadia) 490
histogenesis and histologic classification (Batsakis) 511
management in children (Raney) 500
Nasopharyngeal rhabdomyosarcoma
pathology (Batsakis) 145
Nasopharynx
bilateral Z-flap pharyngoplasty in treatment of rhinolalia (Meyer) 366
normal adult, radiologic evaluation (Keller) 198
Neck
benign symmetrical lipomatosis (Argenta) 240
fourth branchial cleft fistula (Shugar) 72
infections leading to development of abscesses (Eliachar) 438
necrotizing fasciitis (Krespi) 475
Neck dissection, radical (*see* radical neck dissection)
Neck failure
in patients with squamous-cell carcinoma with and without elective neck irradiation (Mendenhall) 13
Neck irradiation, elective
in management of squamous-cell carcinoma (Mendenhall) 15
Neck mass
management of thyroid nodules (Ashcraft) 216
Necrotizing fasciitis
of neck (Krespi) 475
Needle biopsy (*see also* biopsy, fine needle aspiration)
core, large, and fine needle aspiration in management of thyroidal disease (Ashcraft) 297
Neonate (*see also* pediatrics)
transnasal correction of choanal atresia (Feuerstein) 97
treatment of problems caused by maxillonasal dysostosis (Tessier) 207
Neoplasms
management of thyroid nodules (Ashcraft) 216, 297
Neoplasms, benign
of cartilage, bone, and notochord, pathology (Batsakis) 43
of fibroadipose tissue and skeletal muscle, pathology (Batsakis) 145
JNA (*see* juvenile nasopharyngeal angiofibroma)
laryngeal papillomas in children, advances in management (Cotton) 424
management in children (Handler) 395
thyroid nodules, management (Ashcraft) 216, 297
vasoformative tumors, pathology (Batsakis) 231, 326
Neoplasms, malignant
advanced tumors, treatment with pi meson radiation (Khan) 384
of cartilage, bone, and notochord, pathology (Batsakis) 43
in children, management (Raney) 500
of fibroadipose tissue and skeletal muscle, pathology (Batsakis) 145
of larynx, evaluation using CT (Gregor) 284
nasopharyngeal carcinoma (*see* nasopharyngeal carcinoma)
non-Hodgkin's lymphoma of nose and paranasal sinuses (Kapadia) 490
occult neck metastases from squamous-cell carcinoma after treatment with elective neck irradiation (Mendenhall) 15
occult primaries and metastases to head and neck, pathology (Batsakis) 409
oral and oropharyngeal tumors, mandibular "swing" approach (Spiro) 371
of parotid gland (*see* parotid cancer)
pharyngeal carcinoma, transcatheter embolization of hemorrhage (Griska) 202
rhabdomyosarcoma (*see* rhabdomyosarcoma)
squamous-cell carcinoma (*see* squamous-cell carcinoma)
thyroid cancer, association with irradiation (Cummings) 21, (Jafek) 26–E, (Nahum) 277–E
thyroid nodules, management (Ashcraft), 216, 297
vasoformative tumors, pathology (Batsakis) 231, 326
Neural sheath tumor
management in children (Handler) 395
Neurilemoma
management in children (Handler) 395
Neuroblastoma
management in children (Raney) 500
Neuroblastoma, olfactory
differentiation from non-Hodgkin's lymphoma (Kapadia) 490
Neurofibroma
management in children (Handler) 395
Neurogenic sarcoma
management in children (Raney) 500
Nodules, thyroid
history, physical examination, blood tests, x-ray tests, and ultrasonography (Ashcraft) 216
management with scanning techniques, thyroid suppressive therapy, and fine needle aspiration (Ashcraft) 297
Non-Hodgkin's lymphoma
management in children (Raney) 500
of nose and paranasal sinuses, clinical, radiologic, and pathologic features (Kapadia) 490
Nonsuture anastomosis
devices and techniques (Lee) 58
Nose
clinical and radiologic aspects of maxillonasal dysostosis (Delaire) 105
craniospinal and cervicospinal malformations associated with maxillonasal dysostosis (Resche) 123
JNA (*see* juvenile nasopharyngeal angiofibroma)
non-Hodgkin's lymphoma, clinical, radiologic, and pathologic features (Kapadia) 490
radiologic evaluation of the normal adult nasopharynx (Keller) 198
transnasal correction of choanal atresia (Feuerstein) 97
treatment of maxillonasal dysostosis (Tessier) 207
Notochord
pathology of neoplasms (Batsakis) 43

O

Occult neck cancer
in patients receiving elective neck ir-

radiation for squamous-cell carcinoma (Mendenhall) 15
Occult primary
and metastases to head and neck, pathology (Batsakis) 409
Oncology (*see also* neoplasms, malignant, cancer, carcinoma)
International Head and Neck Oncology Conference (Abstracts) 255, 344
Oral cavity (*see also* aerodigestive tract, upper)
cancer of floor of mouth (Crissman) 2
dental management and prosthetic rehabilitation in head and neck cancer (Carl) 27
reconstruction with trapezius osteomyocutaneous island flap (Panje) 66
as site of extranodal metastases from occult primaries (Batsakis) 409
Orbito-maxillary-cheek defects
reconstruction using deltopectoral flap in multistaged procedure (Sako) 251
Orbits
as site of extranodal metastases from occult primaries (Batsakis) 409
Oropharyngeal tumors
treatment with mandibular "swing" approach (Spiro) 371
Orthodontics
in treatment of maxillonasal dysostosis (Tessier) 207
Osteogenic sarcoma
pathology (Batsakis) 43
Osteotomy
for treatment of maxillonasal dysostosis (Tessier) 207
Otorhinolaryngology
advances in management of head and neck disease in children (Cotton) 424
clinical course and therapy of nasopharyngeal carcinoma (Baker) 8
clinical, radiologic, and pathologic features of non-Hodgkin's lymphoma of nose and paranasal sinuses (Kapadia) 490
control rates and treatment costs of JNA (Cummings) 169–L
evaluation of laryngeal anatomy and tumor involvement by CT (Gregor) 284
frequency of multicentric squamous-cell carcinoma of the upper aerodigestive tract (Gluckman) 90
management of benign tumors in children (Handler) 395
management of malignant tumors in children (Raney) 500
mediastinitis and bilateral pyopneumothorax complicating a parapharyngeal abscess (Eliachar) 438
pathology of tumors of fibroadipose tissue and skeletal muscle (Batsakis) 145
pitfalls in positive-contrast myelography of the posterior fossa (Johnson) 204
radiologic evaluation of the cerebellopontine cistern and internal auditory canal in patients with sensorineural hearing loss (O'Connor) 193
radiologic evaluation of the normal adult nasopharynx (Keller) 198
risk of complications associated with surgery and radiotherapy of JNA (Cummings) 21, (Jafek) 26–E
roentgenographic detection of anomalies of the temporal bone in the "normal" deaf (Unger) 185
staging of JNA using CT (Sessions) 279
surgical management of carcinoma of posterior pharyngeal wall (McNeill) 389
transnasal correction of choanal atresia (Feuerstein) 97
treatment of rhinolalia with bilateral Z-flap pharyngoplasty (Meyer) 366

P

Paget's disease of bone
pathology (Batsakis) 43
Palatal defects
in children, advances in management (Cotton) 424
Palatal reconstruction
using deltopectoral flap in multistaged procedure (Sako) 251
Papilloma, laryngeal
advances in management in children (Cotton) 424
Papilloma, squamous
management in children (Handler) 395
Papillon-Leage syndrome
differentiation from maxillonasal dysostosis (Delaire) 105
Paranasal sinuses
non-Hodgkin's lymphoma, clinical, radiologic, and pathologic features (Kapadia) 490
Parapharyngeal abscess
etiology, surgical treatment, and related anatomy (Eliachar) 438
Parotid cancer
extranodal metastases from occult primaries (Batsakis) 409
management in children (Raney) 500
diagnosis by fine needle aspiration (Conley) 489–E, (Sismanis) 482
factors influencing survival and treatment (Johns) 132
management (Krause) 340
as misdiagnosis of temporomandibular joint ganglion (Kinkead) 443
Pathology
of cervicospinal and craniospinal malformations associated with maxillonasal dysostosis (Resche) 123
of choanal atresia (Feuerstein) 97
of fibroadipose tissue and skeletal muscle tumors (Batsakis) 145
of nasopharyngeal carcinoma (Baker) 8, (Batsakis) 511
of neoplasms of bone, cartilage, and notochord (Batsakis) 43
of non-Hodgkin's lymphoma of nose and paranasal sinuses (Kapadia) 490
of occult primaries and metastases to head and neck (Batsakis) 409
of parotid cancer (Johns) 132, (Sismanis) 482
of squamous-cell carcinoma of floor of mouth (Crissman) 2
of vasoformative tumors (Batsakis) 231, 326
Pediatrics
advances in management of head and neck disease (Cotton) 424
anomalies of the temporal bone in the "normal" deaf (Unger) 185
clinical and radiologic aspects of maxillonasal dysostosis (Delaire) 105
control rates and treatment costs for JNA (Cummings) 169–L
management of benign tumors (Handler) 395
management of malignant tumors (Raney) 500
spinal anomalies associated with maxillonasal dysostosis (Resche) 123
staging of JNA using CT (Sessions) 279
transnasal correction of choanal atresia (Feuerstein) 97
treatment of maxillonasal dysostosis (Tessier) 207
tumors of skeletal muscle and soft tissue (Batsakis) 145
Percutaneous venous cannulation
internal jugular vein thrombosis as complication (McNeill) 247
Pharyngeal carcinoma
transcatheter embolization of hemorrhage (Griska) 202
Pharyngeal wall, posterior
surgical management of carcinoma (McNeill) 389
Pharyngoplasty
for correction of velopharyngeal incompetence in children (Cotton) 424
using bilateral Z-flaps, in treatment of rhinolalia (Meyer) 366
Pharyngotomy
combined suprahyoid and lateral approach with preservation of larynx in treatment of carcinoma of posterior pharyngeal wall (McNeill) 389
Pharynx
anatomy of spaces and development of parapharyngeal abscess (Eliachar) 438
disease in children, advances in management (Cotton) 424
JNA (*see* juvenile nasopharyngeal angiofibroma)
radiologic evaluation of the normal adult nasopharynx (Keller) 198
treatment of oropharyngeal tumors with mandibular "swing" approach (Spiro) 371
Phosphorus scanning
in management of thyroidal disease (Ashcraft) 297
Pi meson radiotherapy

for advanced head and neck neoplasms (Khan) 384
Plasmacytoma
differentiation from non-Hodgkin's lymphoma (Kapadia) 490
Polymorphic reticulosis
differentiation from non-Hodgkin's lymphoma (Kapadia) 490
Polytomography, hypocycloidal
in diagnosis of masses in children (Cotton) 424
Positive-contrast myelography
of structures of posterior fossa (Johnson) 204
Posterior fossa
evaluation using positive-contrast myelography (Johnson) 204
Prosthetic rehabilitation
in head and neck cancer patients (Carl) 27
Psaume syndrome
differentiation from maxillonasal dysostosis (Delaire) 105
Pseudolymphoma
differentiation from non-Hodgkin's lymphoma (Kapadia) 490
Pyogenic granuloma
pathology (Batsakis) 326
Pyopneumothorax
and mediastinitis, as complications of parapharyngeal abscess (Eliachar) 438

R

Radiation-induced tumors
risk in JNA patients (Cummings) 21, (Jafek) 26–E
Radical neck dissection
in nasopharyngeal carcinoma (Baker) 8
Y versus MacFee incision (Woods) 533–L
Radioiodine scanning
in management of thyroidal disease (Ashcraft) 297
Radiology (*see also* irradiation, radiotherapy)
air versus metrizamide CT in evaluation of cerebellopontine cistern and internal auditory canal in patients with sensorineural hearing loss (O'Connor) 193
American Society of Head and Neck Radiology (Dolan) 183–E
of craniospinal and cervicospinal malformations associated with maxillonasal dysostosis (Resche) 123
CT (*see* computed tomography)
of non-Hodgkin's lymphoma of nose and paranasal sinuses (Kapadia) 490
pi meson radiotherapy for advanced head and neck neoplasms (Khan) 384
positive-contrast myelography of structures of posterior fossa (Johnson) 204
roentgenographic detection of anomalies of temporal bone in "normal" deaf (Unger) 185
teleradiography of anomalies in maxillonasal dysostosis (Delaire) 105
x-ray evaluation of normal adult nasopharynx (Keller) 198
x-ray techniques in identification of thyroid nodules (Ashcraft) 216
Radiotherapy
advances in children (Cotton) 424
effects on oral cavity and management of complications by dentistry (Carl) 27
elective neck irradiation of squamous-cell carcinoma (Mendenhall) 15
of head and neck disease in children (Cotton) 424
of head and neck neoplasms in children (Handler) 395
of JNA
costs and control rates (Cummings) 169–L
risk of complications (Cummings) 21, (Jafek) 26–E
of malignant tumors in children (Raney) 500
of metastases from occult primaries (Batsakis) 409
of nasopharyngeal carcinoma (Baker) 8
of parotid neoplasms (Johns) 132, (Krause) 340
pi meson, for advanced head and neck neoplasms (Khan) 384
of squamous-cell carcinoma of floor of mouth (Crissman) 2
Recklinghausen's disease
in children, management of neural sheath tumors (Handler) 395
Reconstruction
of anterior floor of mouth and mandible using trapezius osteomyocutaneous island flap (Panje) 66
in management of burns (Wachtel) 458
of massive orbito-maxillary-cheek defects, multi-staged procedure using deltopectoral flap (Sako) 251
using deltopectoral flap (Tiwari) 379
Reticulosis, polymorphic
differentiation from non-Hodgkin's lymphoma (Kapadia) 490
Retropharyngeal space
as conduit between neck and mediastinum (Eliachar) 438
Rhabdomyoma
pathology (Batsakis) 145
Rhabdomyosarcoma
management in children (Cotton) 424, (Raney) 500
pathology (Batsakis) 145
Rhabdomyosarcoma, embryonal
differentiation from non-Hodgkin's lymphoma (Kapadia) 490
pathology (Batsakis) 145
Rhinolalia
treatment with bilateral Z-flap pharyngoplasty (Meyer) 366
Robinow syndrome
differentiation from maxillonasal dysostosis (Delaire) 105
Roentgenography
detection of anomalies of the temporal bone in the "normal" deaf (Unger) 185
soft-tissue, in definition of thyroid nodules (Ashcraft) 216

S

Sarcoma
angiosarcoma, pathology (Batsakis) 326
bone, risk of induction by radiotherapy of JNA (Cummings) 21, (Jafek) 26–E
botryoid, pathology (Batsakis) 145
Ewing's, differentiation from non-Hodgkin's lymphoma (Kapadia) 490
granulocytic, differentiation from non-Hodgkin's lymphoma (Kapadia) 490
Kaposi's, pathology (Batsakis) 326
neurogenic, management in children (Raney) 500
osteogenic, pathology (Batsakis) 43
rhabdomyosarcoma (*see* rhabdomyosarcoma)
soft-tissue, management in children (Raney) 500
Scanning techniques
americium fluorescence, in management of thyroidal disease (Ashcraft) 297
cesium chloride, in management of thyroidal disease (Ashcraft) 297
CT (*see* computed tomography)
gallium citrate, in management of thyroidal disease (Ashcraft) 297
mercury uptake, in management of thyroidal disease (Ashcraft) 297
phosphorus uptake, in management of thyroidal disease (Ashcraft) 297
radioiodine, in management of thyroidal disease (Ashcraft) 297
selenomethionine, in management of thyroidal disease (Ashcraft) 297
Tc-bleomycin uptake, in management of thyroidal disease (Ashcraft) 297
technetium, in management of thyroidal disease (Ashcraft) 297
thallium chloride, in management of thyroidal disease (Ashcraft) 297
thermography, in management of thyroidal disease (Ashcraft) 297
Scapular spine, medial
in trapezius osteomyocutaneous island flap (Panje) 66
Sclerosing agents
in management of head and neck neoplasms in children (Handler) 395
Selenomethionine scanning
in management of thyroidal disease (Ashcraft) 297
Sialorrhea
advances in management in children (Cotton) 424
Silverman syndrome
differentiation from maxillonasal dysostosis (Delaire) 105
Skeletal muscle
pathology of tumors (Batsakis) 145
Sleep evaluation techniques
in diagnosis of hyperventilation and

sleep disorders in children (Cotton) 424
Soft-tissue sarcoma
management in children (Raney) 500
Soft-tissue tumors
pathology (Batsakis) 145
Sonography (*see* ultrasonography)
Spindle-cell lipoma
pathology (Batsakis) 145
Spine, cranial and cervical
malformations associated with maxillonasal dysostosis (Delaire) 105, (Resche) 123
Spine, scapular
in trapezius osteomyocutaneous island flap (Panje) 66
Squamous-cell carcinoma
of floor of mouth (Crissman) 2
management with elective neck irradiation (Mendenhall) 15
multicentric primary, frequency in upper aerodigestive tract (Gluckman) 90
of nasopharynx, histologic classifications (Batsakis) 511
pathology of occult primaries and metastases (Batsakis) 409
of posterior pharyngeal wall, surgical management (McNeill) 389
reconstruction of surgical defect with deltopectoral flap (Tiwari) 379
Squamous papilloma
management in children (Handler) 395
Staging
of JNA (Sessions) 279
of nasopharyngeal carcinoma (Baker) 8
of parotid cancer (Johns) 132
of rhabdomyosarcoma (Batsakis) 145
of squamous-cell carcinoma of floor of mouth (Crissman) 2
Stenosis, laryngotracheal
advances in management in children (Cotton) 424
Subglottic hemangioma
advances in management in children (Cotton) 424
Surgery, vascular
devices and techniques for anastomosis (Lee) 58
Surgical complications
internal jugular vein thrombosis secondary to percutaneous deep venous cannulation (McNeill) 247
Surgical instruments
Cavitron Ultrasonic Surgical Aspirator to reduce blood loss in tongue surgery (Weitz) 244
Surgical management (*see also* surgical techniques)
of burns of head and neck (Wachtel) 458
of carcinoma of posterior pharyngeal wall (McNeill) 389
debridement, in severe necrotizing infections of neck (Krespi) 475
dental extraction in patients receiving radiotherapy for head and neck cancer (Carl) 27
of head and neck disease in children (Cotton) 424
of head and neck neoplasms in children (Handler) 395
of JNA (Cummings) 21, (Cummings) 169–L, (Jafek) 26–E, (Sessions) 279
of metastases from occult primaries (Batsakis) 409
of parotid cancers (Johns) 132, (Krause) 340
radical neck dissection for nasopharyngeal carcinoma (Baker) 8
of squamous-cell carcinoma of floor of mouth (Crissman) 2
Surgical techniques
approach to parapharyngeal space for treatment of abscess (Eliachar) 438
bilateral Z-flap pharyngoplasty in treatment of rhinolalia (Meyer) 366
in children (Cotton) 424
combined suprahyoid and lateral pharyngotomy in treatment of carcinoma of posterior pharyngeal wall with preservation of larynx (McNeill) 389
correction of velopharyngeal incompetence in children (Cotton) 424
cricoid split for treatment of laryngotracheal stenosis in children (Cotton) 424
deltopectoral flap in reconstructive surgery (Tiwari) 379
Le Fort type 1 osteotomy for treatment of maxillonasal dysostosis (Tessier) 207
mandibular "swing" approach for treatment of oral and oropharyngeal tumors (Spiro) 371
multistaged procedure using deltopectoral flap for reconstruction of massive orbito-maxillary-cheek defects (Sako) 251
percutaneous deep venous cannulation, internal jugular vein thrombosis as complication (McNeill) 247
reconstruction of anterior floor of mouth and mandible using trapezius osteomyocutaneous island flap (Panje) 66
reconstruction of palatal defects using tongue flaps in children (Cotton) 424
reduction of blood loss in tongue surgery using Cavitron Ultrasonic Surgical Aspirator (Weitz) 244
rerouting of submandibular ducts for correction of sialorrhea in children (Cotton) 424
transcatheter embolization of hemorrhage caused by carcinoma of pharynx (Griska) 202
transnasal correction of choanal atresia (Feuerstein) 97
treatment of JNA (Cotton) 424
treatment of laryngeal papillomatosis in children (Cotton) 424
treatment of rhabdomyosarcoma in children (Cotton) 424
treatment of subglottic hemangioma in children (Cotton) 424
vascular anastomosis with mechanical aids and nonsuture techniques (Lee) 58
Y versus MacFee incision in radical neck dissection (Woods) 533–L
Synergistic necrotizing cellulitis
of neck (Krespi) 475
Synovial chondromatosis
pathology (Batsakis) 43

T

Tc-bleomycin scanning
in management of thyroidal disease (Ashcraft) 297
Technetium scanning
in management of thyroidal disease (Ashcraft) 297
Teeth (*see also* dentistry)
malformations associated with maxillonasal dysostosis (Delaire) 105
treatment of occlusal problems caused by maxillonasal dysostosis (Tessier) 207
Teleradiography
visualization of anomalies in maxillonasal dysostosis (Delaire) 105
Temporal bone
roentgenographically detectable abnormalities in the "normal" deaf (Unger) 185
as site of extranodal metastases from occult primaries (Batsakis) 409
Temporomandibular joint ganglion
presenting as parotid tumor (Kinkead) 443
Teratoma
management in children (Handler) 395
Thallium chloride scanning
in management of thyroidal disease (Ashcraft) 297
Thermography
in management of thyroidal disease (Ashcraft) 297
Thrombosis
of internal jugular vein, secondary to percutaneous deep venous cannulation (McNeill) 247
Thyroid cancer
association with irradiation (Cummings) 21, (Jafek) 26–E, (Nahum) 277–E
management in children (Raney) 500
Thyroid nodules
history, physical examination, blood tests, x-ray tests, and ultrasonography (Ashcraft) 216
scanning techniques, thyroid suppressive therapy, and fine needle aspiration (Ashcraft) 297
Tomography
risks in JNA patients (Cummings) 21
Tomography, computed (*see* computed tomography)
Tomography, hypocycloidal
evaluation of temporal bone in "normal" deaf (Unger) 185
Tongue flaps
for reconstruction of palatal defects in children (Cotton) 424
Tongue surgery

reduction of blood loss using Cavitron Ultrasonic Surgical Aspirator (Weitz) 244
Tonsils
and adenoids, enlargement as cause of disorders of facial growth and sleep in children (Cotton) 424
Transcatheter embolization
of hemorrhage caused by carcinoma of the pharynx (Griska) 202
Transnasal procedure
for correction of choanal atresia (Feuerstein) 97
Transplantation research
devices and techniques for vascular anastomosis (Lee) 58
Trapezius osteomyocutaneous island flap
for reconstruction of anterior floor of mouth and mandible (Panje) 66
Trauma, war-induced
techniques for vascular anastomosis (Lee) 58
Tumors (*see* alveolar rhabdomyosarcoma, alveolar soft-part sarcoma, anaplastic small-cell carcinoma, angiolipoma, angiosarcoma, arteriovenous fistula, atypical lipoma, benign symmetrical lipomatosis, bone sarcomas, branchiogenic carcinoma, Burkitt's lymphoma, chloroma, chondroma, chondrosarcoma, chordoma, cystic hygroma, embryonal rhabdomyosarcoma, Ewing's sarcoma, fibroadipose tissue, glomus tumor, granular-cell tumor, granulocytic sarcoma, hemangioma, hemangiopericytoma, hibernoma, histiocytic lymphoma, histiocytosis X, juvenile nasopharyngeal angiofibroma, Kaposi's sarcoma, laryngeal papilloma, laryngeal rhabdomyosarcoma, lipoblastoma, lipoma, lipomatosis, liposarcoma, lymphangioma, lymphoma, lymphomatoid granulomatosis, mastoid rhabdomyosarcoma, melanoma, myogenic tumors, myxomas, nasopharyngeal carcinoma, nasopharyngeal rhabdomyosarcoma, neural sheath tumors, neurilemoma, neuroblastoma, neurofibroma, neurogenic sarcoma, non-Hodgkin's lymphoma, oropharyngeal tumors, osteogenic sarcoma, papilloma, parotid carcinoma, pharyngeal carcinoma, plasmacytoma, polymorphic reticulosis, pseudolymphoma, pyogenic granuloma, rhabdomyoma, rhabdomyosarcoma, sarcoma, skeletal muscle, spindle-cell lipoma, squamous-cell carcinoma, squamous papilloma, subglottic hemangioma, synovial chondromatosis, teratoma, thyroid carcinoma, vasoformative tumors, Wegener's granulomatosis)

U

Ultrasonic Surgical Aspirator, Cavitron
for reducing blood loss in tongue surgery (Weitz) 244
Ultrasonography
in evaluation of thyroid nodules (Ashcraft) 216

V

Vascular anastomosis
devices and techniques (Lee) 58
Vasoformative tumors
pathology (Batsakis) 231, 326
Vein, internal jugular
thrombosis secondary to percutaneous deep venous cannulation (McNeill) 247
Velopharyngeal incompetence
advances in management in children (Cotton) 424
Vertebrae
anomalies associated with maxillonasal dysostosis (Resche) 123
Virus, Epstein-Barr
role in histogenesis of nasopharyngeal carcinoma (Batsakis) 511

X

Xeroradiography
in identification of thyroid nodules (Ashcraft) 216
X-ray techniques
in evaluation of normal adult nasopharynx (Keller) 198
in evaluation of thyroid nodules (Ashcraft) 216

Y

Y incision
versus MacFee incision, in radical neck dissection (Woods) 533–L

Z

Z-flap, bilateral pharyngoplasty
in treatment of rhinolalia (Meyer) 366
